

IDENTITY  
INCLUSION

## ABOUT US

Identity Inclusion works to counter mental health stigma and promote community-based services. We achieve this through public awareness campaigns, advocacy for inclusive policies, educational programs, and by encouraging the sharing of personal experiences. Our goal is to foster understanding, reduce misconceptions, and support individuals with mental health conditions within the community.

## OUR VISION

To create inclusive societies that realize the full potential of excluded individuals through the transformation of social and public institutions.

## SUPPORT GROUP MEETING

Support Group meeting is a safe space to express your inner feelings with people like you and a mental health professional.

You can join us every 2nd and last Saturday of the month

Registration Fee: 300 BDT

## PSYCHOSOCIAL SUPPORT

We offer compassionate and comprehensive psychosocial support to help individuals navigate emotional challenges and enhance their overall well-being. Our support services are designed to foster resilience, promote mental health, and build a strong foundation for personal growth and social inclusion through trained psychosocial supporters.
